With a global alumni network and brilliant graduates, MUJ is dedicated to leading the nation toward a better future.

THE CELESTIAL CANVAS

Oneiros ’26 reimagines the campus as an immersive artistic universe a Cosmic Canvas where every student contributes to the narrative. Focusing on the boundless nature of the cosmos, we replace rigid structures with fluid creativity and expression. As night falls, the environment shifts from a quiet void into a vibrant spectrum of interstellar light and sound.

This year’s theme extends beyond visuals it is a shared experience. It transforms the festival from a spectacle to be watched into a moment to be lived. It reflects the essence of Oneiros: evolving, uniting, and illuminating the night through our collective presence.
